

Find  $I_R(s)$   
and  $i_R(t)$  using  
Laplace & find  
techniques. This  
is a chapter 13  
problem

2.  $F(s) = \frac{3s+4}{s(s+2)}$

Do a partial fraction expansion  
find  $f(t)$ . This is a chapter 12 problem
